The Attorney's choice for chiropractic care.

Your client's legal well-being is in *your* capable hands  
....now place their physical well-being in *our* healing

As your full-service referral partner, Pacific Coast Injury Group has always offered access to Medical Specialists. Now four of our offices offer medical doctors on-site and on lien.

All Pacific Coast Injury Group Chiropractors have full access to these doctors and so do you!

Oceanside offers a Physiatrist, an injury and pain specialist physician, who can offer neurological evaluations, pain consultations, injections, medication management, and more.

Downtown San Diego and Calexico offer a group of Orthopedic and Neurology M.D.s available for evaluations, surgical consults, surgery, medication management, and more.

Most recently, our Imperial Beach office has added a General Practitioner.

## Liens Accepted

Please call our offices directly for scheduling your Personal Injury & Workers Compensation Clients.\*
